## Experience

### **Communications Assistant (freelance), Center for Alternatives to Animal Testing, Johns Hopkins University**

**July 2022 - June 2024**

- Collaborating with researchers and staff to produce scientific video content promoting alternative testing methods and the CAAT brand.
- Shooting video and photo content for the organization's website and social media channels.
- Management of third-party audio and visual equipment while servicing summits organized abroad by the CAAT team. (*MPS World Summit 2022, 3Rs Symposium 2022, MPS World Summit 2023, MPS World Summit 2024*)
- Receiving materials, registering, and attending to guests participating in CAAT sponsored events and fundraisers.
- Designing consumer infographics and pamphlets for the advertisement of CAAT sponsored events.
- Responsibly handling confidential information of clientele in the public and private sectors; insuring proper file management and non-disclosure at all times.

### **Radio Broadcast, WLUW 88.7FM**

**September 2022 - March 2023**

- Required broadcast communication skills including improvisation, live multichannel audio management, complacency with FCC guidelines, and locally sourced track selection.
- Collaborated with other WLUW team members, artists and producers during exclusive showcases or interviews.

### **Nurseryman (seasonal), Valley View Farms**

**May 2021 - April 2022**

- Provided excellent customer service.
- Responsible for plant selection and inventory management; labeling, tracking, and organizing merchandise.
- Assisted with plant propagation and growing, utilizing techniques such as grafting, cloning, pruning, and proper disposal.
- Operated and maintained various types of nursery equipment including tractors, tillers, potting machines, and irrigation systems.
